

TECHNICAL DATA

SHUTREX

Mould agent solvent based

SHUTREX is a scientific blend of synthetic release agent. It has rust inhibitor to protect metal forms from corrosion and a preservative to increase the life of wood forms. SHUTREX promotes a water repellent interface between concrete and formwork resulting in a smooth, flat, unstained surface free of voids and defects. Forms are ready for re use almost instantly.

FEATURES :

- Is easily applied.
- Easy and efficient stripping of forms.
- Has excellent wetting properties.
- Is solvent based and therefore environmentally friendly.

APPEARANCE : Milky white liquid

APPLICATION : Can be applied via spraying, brushing or rolling.

COVERAGE :

- Timber / wood: Approximately 32 sq. m. per lit. per coat
- Steel / plastic : 55-65 sq. m. per lit.

STORAGE : *SHUTREX* is stable under normal storage conditions for 6 months.

PACKING : *SHUTREX* is available in 20 Kg pails and 200 Kg drum

ATTENTION : *SHUTREX* is not to be used in moulds and left outside in rain. The product will emulsify and wash off from the mould.

: All information is given in good faith on the results gained from tests and trials. However, all recommendations or suggestions are made without guarantee since we don't have any control on site conditions and its

TECHNICAL DATA

SHUTREX Mould Release Agent

SHUTREX Release agent is a ready to use emulsion with excellent form release properties. SHUTREX is non-staining and is suitable for concrete containing off-white cement.

FEATURES :

- I. Is easily applied.
- II. Easy and efficient stripping of forms.
- III. Has excellent wetting properties.
- IV. Is water based and therefore environmentally friendly.

APPEARANCE : Milky white liquid

APPLICATION :

Can be applied via spraying, brushing or rolling.

COVERAGE :

Timber / wood : Approximately 32 sq. m. per lit. per coat
Steel / plastic : 55-65 sq. m. per lit.

STORAGE :

SHUTREX is stable under normal storage conditions for 6 months.

PACKING :

SHUTREX is available in 20 Kg pails and 200 Kg drum.

ATTENTION :

SHUTREX is not to be used in moulds and left outside in the rain. The product will emulsify and wash off from the moulds.

NOTE : All information is given in good faith on the results gained from experience and tests. However, all recommendations or suggestions are made without guarantee since we don't have any control on site conditions and its uses.
